REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:
2. One would not expect that a film would have anisotropic puncture properties.
3. It would be expected that a puncture resistant layer would not allow the film to be fully punctured no matter where it was located. In the claimed instant application, the films can be punctured from one side, but not the other.
4. The examiner takes the position that the force applied to both sides would be the same.
5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to D. Lawrence Tarazano whose telephone number is (571)-272-1515. The examiner can normally be reached on 8:30 to 6:00 (off every other Friday).
